MBA & Full-Stack Executive Leader

EXECUTIVE SUMMARY

Polymath CEO & Workflow Architect

A visionary leader with a "Why Not?" mindset and a career built on bridging the gap between high-level strategy and technical execution. Expertise spans raising capital for \$10M+ developments, managing 500+ global employees, and architecting complex software products. A builder at heart—whether it's ground-up commercial real estate (FuturePlay Sports Campus) or enterprise-grade automated systems. Early adopter of AI/ML with a deep mastery of workflow automation and a public record of technical contribution.

CORE COMPETENCIES

Executive Leadership: Capital Raising, Investor Relations, GTM Strategy, P&L Ownership.

Physical & Digital Build: Commercial Real Estate (GC/Architect management), Full-Stack Development.

Operations & Scale: AI/ML Workflow Automation, Global HR (7 Countries), M&A Integration.

Product & Strategy: Technical Product Management (Agile/Scrum), Vulnerability Management.

PROFESSIONAL EXPERIENCE

Founder & CEO | FuturePlay Sports, Inc.

2024 – Present

- **Venture Development:** Architected the vision for the FuturePlay Sports Campus, a state-of-the-art sports and community facility.
- **Capital Stack:** Successfully pitched and secured funding through private investors and lenders; developed robust pro forma models and financial projections.
- **Real Estate & Construction:** Directly managed ground-up development activities, coordinating with developers, general contractors, architects, and city planners.
- **Brand & GTM:** Built a magnetic brand from zero, utilizing public speaking and strategic partnerships to drive community interest and sponsorship.

Strategic Advisor | PAE Engineers

2024 – 2025

- Business Transformation: Designed the firm's 5-year strategic roadmap, reporting directly to the CEO.
- System Architecture: Built a custom project management ecosystem and automated reporting suite to track enterprise-wide accountability.
- Training & Impact: Upskilled 30+ "goal owners" on the new platform; systems remain the company's operational backbone 2+ years later.

Technical Product Manager | Puppet (Acquired by Perforce Software)

2020 – 2023

- Technical Orchestration: Led 4 cross-functional Scrum teams, managing backlogs and product priorities for enterprise automation software.
- Fortune 50 Consulting: Advised global enterprises on software/hardware vulnerabilities and security posture.
- Product Launch: Coordinated end-to-end feature launches with Marketing and Sales, ensuring seamless technical and commercial delivery.

Global HR Manager | Puppet

2018 – 2020

- International Operations: Managed HR for 500+ employees across 7 countries during the global pandemic and M&A transition.
- Leadership Development: Created and scaled an 8-month Leadership Development Program for all managers (Frontline to CEO).
- Strategic RIFs: Executed complex organizational restructurings and policy implementations with high empathy and legal precision.

HR Manager / Generalist | Precision Castparts, Albertsons, ABM

2014 – 2018

- Rapidly promoted through three organizations, managing labor relations and HR operations for industrial and distribution giants.

TECHNICAL MASTERY & PROJECTS

The Builder Mindset: Active software developer (GitHub: @themicahwilson). Expert in AI/ML integration and high-level workflow automation (Zapier, Make, custom API scripting).

Strategy Tools: Advanced Pro Forma Financial Modeling, Salesforce, Jira/Confluence Administration.

EDUCATION

Master of Business Administration (MBA) | Portland State University (2020)

Bachelor of Arts: Arts & Letters | Portland State University (2012)
